Natural Woven Drapery  
DRAPERY STYLE

## DRAPERY STYLES

Available in Roll, Box Pleat, Euro Pleat or Pinch Pleat styles; hand-tailored drapery panels help establish the character of a room. Available exclusively in Woven-to-Size Collections, panels are railroaded with a looped edge at top and bottom.

### HEADER DETAILS

- Front to back – 6" depth (Roll), 3½" pleat depth (Box, Euro, Pinch)
- Pins furnished and installed every 4"-6"
- 3½" return on stationary end of drapery. Larger returns available upon request
- 4" clear buckrum in header on unlined drapery; 5" opaque buckrum on lined drapery

### DRAPERY DETAILS

- Drapery made to finish length. No deductions taken
- 200% material fullness (Roll), 250% (Box, Euro, Pinch)
- Drapery panels will have 1½" side hems

### DESIGN CONSIDERATIONS

- Panels only. Drapery hardware not included
- To order a Grommet Drapery contact Customer Relations for support
- Flame Retardancy is available for commercial applications

## SLIDING PANELSCREEN

A Panelscreen is a modern shading system that features panels of fabric that glide across a panel track. It is ideal for large banks of windows or where an operable vertical treatment is desired.
